## STUDY ABROAD

Study Abroad is specifically created for students to apply variety of skills and attitudes necessary to become a global minded person!

## OCEAN CAMP

Students will spend a week out in nature where they will develop skills, knowledge and respect for the natural environment

## WINTER SHOWCASE

A winter party to celebrate our unique talents to the whole school community and appreciate those who have helped us learn and grow this year!

## FAMILY FUN DAY

A day full of active sports and fun! The whole school community will apply concepts of teamwork and great sportsmanship!

## MADE IN JAPAN

A week where the students explicitly experience the unique Japanese cultural expressions, arts and histories.

## KIDZ BIZ

As part of our inquiry unit, students will design multitude of services or products that benefit the life of others. The students will experience real world simulations on running a business!

## SIS BROADWAY

An annual school production where students will apply their creative expressions and imagination!

\*Every month the students will take part in Environmental Studies. This is a stayover event

\*Parent, Student and Teacher Meetings are conducted twice a year.
